

HW1 沈国晔

1.完成blcokstack子域名注册：

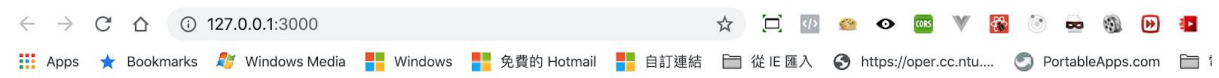

2.github clone animal kindom到local，运行。登入。data存储

npm install

npm start

<http://127.0.0.1:3000/>

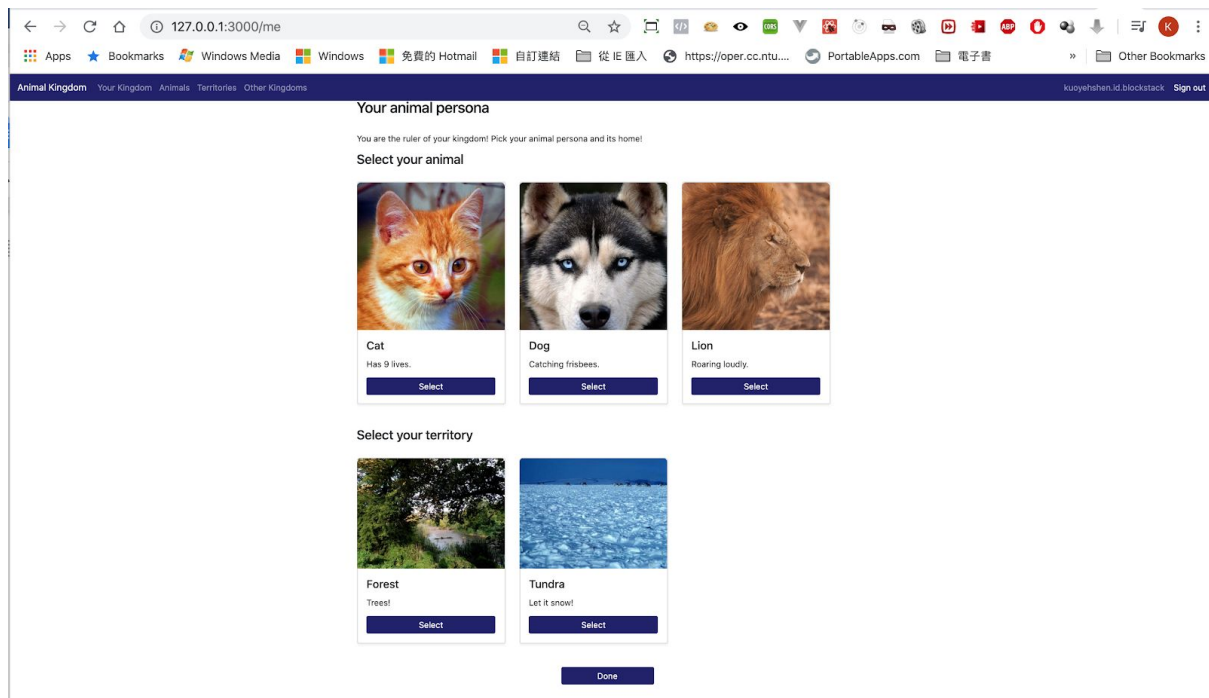

运行：

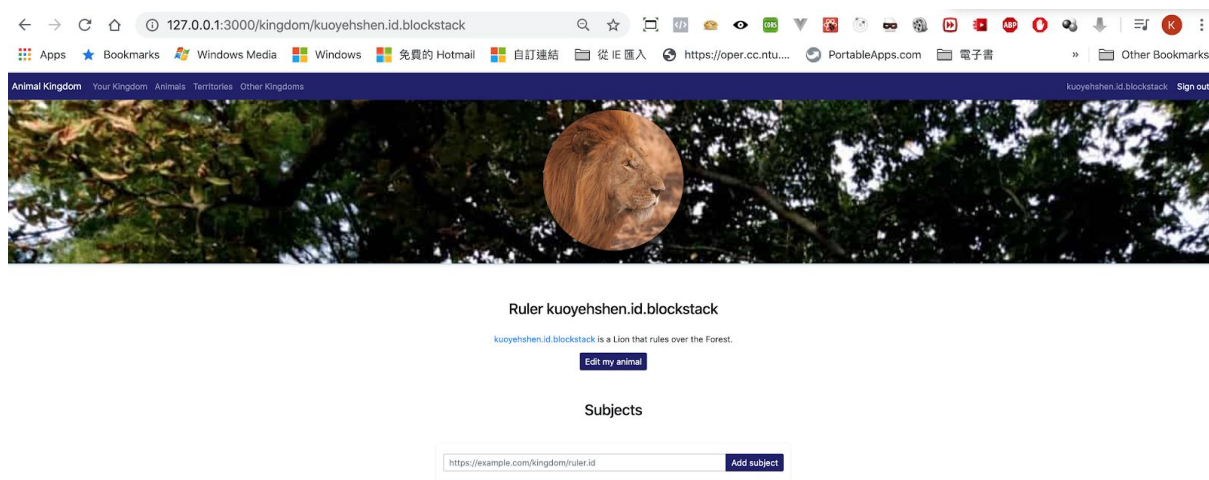

Animal Kingdom

Sign in with Blockstack

登入：

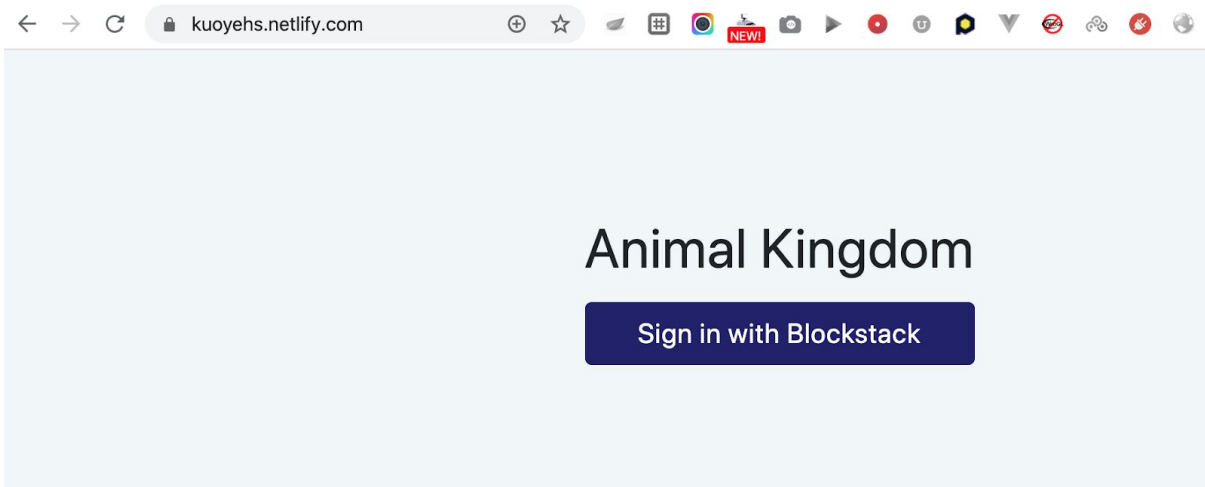

Data存储:

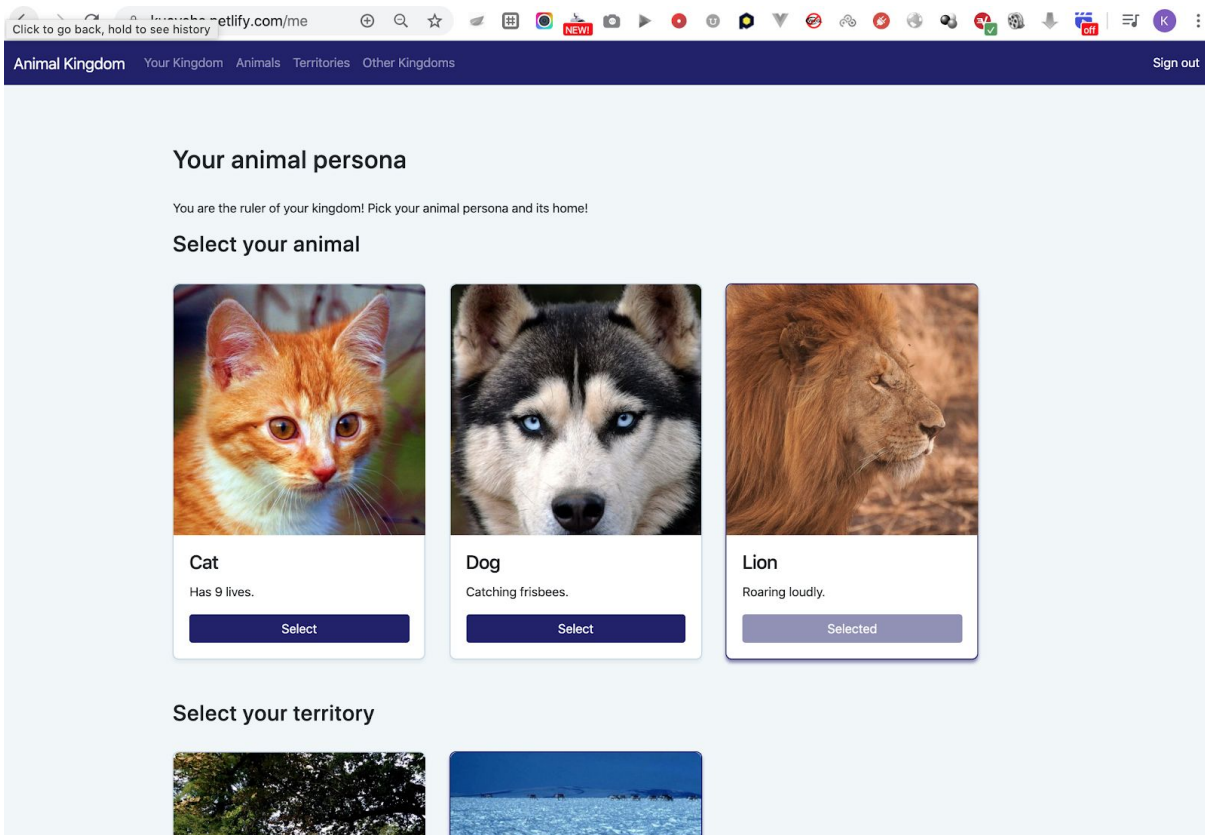

3.Netlify上deploy，运行。登入。data存储

Note: deploy到netlify后，在build下建立一个netlify.toml，后在到netlify的deploy下把新的build folder drag过去即可

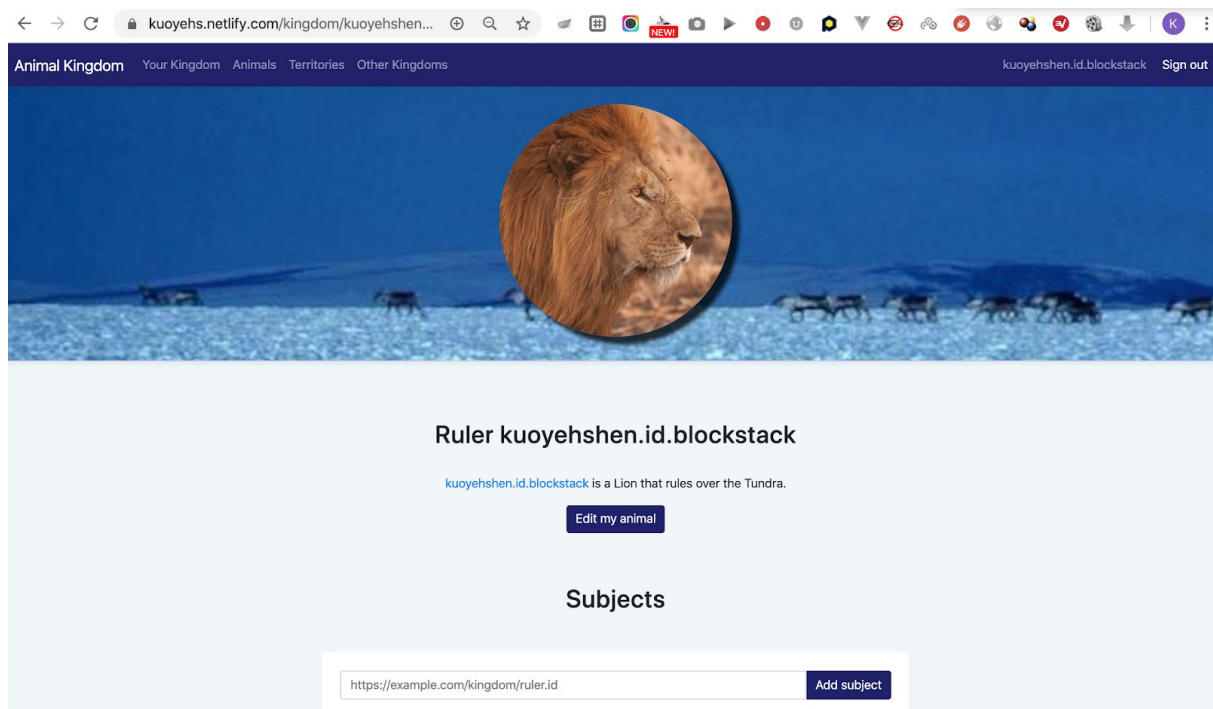

运行：

登入：

Data存储：
